

Spider MT 3000 Vehicle List

This list is inclusive of a growing list of vehicles where Enfora has confirmed the SAE protocol and vehicle's compliance with the protocol such that the MT 3000 performs as expected. This is not a list of all known vehicle compatibilities since it is the responsibility of the vehicle manufacturer to be compliant to the SAE protocol standards.

Please check back with Enfora at techsupp@enfora.com for an updated list as we continue to work with customers, partners, and our own field teams to continually validate vehicle compliance.

Protocols supported: J1850 PWM, J1850 VPW, ISO-9141-2, ISO-14230 KWP2000, and ISO-15765 CAN
